Summary

<http://www.archilovers.com/marko-martinovic/activities>

LICENSED chief designer

LICENSED responsible planner

LICENSED for execution of construction of facilities

Experience

- General secretary at UAAM (Urbanism and Architecture Association of Montenegro)

January 2011 - Present (2 years and 3 months)

In 2011 I became a founder of UAAM association with a group of colleagues. In that period I have participated in the organization of several projects:

- Student travel to Belgrade for the "Days of Oris" (Faculty of Architecture from Podgorica)
- Exhibition of works from postgraduate students (from the Faculty of Architecture in Belgrade) that was placed in Podgorica
- In May was the first International Conference of UAAM, which was situated in the old building of Montenegro Government in Podgorica. Conference was opened by the introductory words of Minister Dragan Sekulic, then followed with lectures by prominent

experts in the field of architecture coming from Serbia, Croatia, Slovenia and Montenegro (I. Kucina, Sasa Begovic 3LHD, Penezic and Rogina, A.Kekovic)

- At the beginning of July 2012th year begins my mandate as the Secretary General of Urbanism and Architecture Association of Montenegro

- As a representative of the association, together with Prof. Svetislav G Popovic, I gave a short lecture titled "Budva in Transition" at the conference titled "Eco-Shore", which was held in Sochi-Russia. At the same time, in the action carried out by our association, there was an exhibition of architectural projects coming from experts from our area who have successfully treated the given topic. The conference joined the associations from many european countries, among which were included: Norway, Estonia, Czech Republic, Bulgaria, Romania, Russia, Serbia, Croatia and Montenegro.
